

Thank you for your Support of Fraser River White Sturgeon!

Thank you for considering a donation to the Sturgeon Conservation Challenge Silent Auction. Our auction is a great opportunity for the FRSCS to raise much needed resources for our continuing work to protect and conserve the last truly wild population of white sturgeon in the world.

Each year through the generosity of many businesses and individuals we have been blessed with an amazing variety of high-quality items that really get the bidding going! Our auction will run online from April 1st, 2022, and conclude April 23rd, 2022, at our Gala. We hope to have a minimum of 75 items for the auction. The silent auction with all the items displayed during the gala adds excitement to the evening with lots of fun and competitive bidding, all in the spirit of conservation around this iconic species.

Donor branding will be displayed during the auction periods, at the Gala as well as on our website.

We would welcome all that you may wish to donate. There is a diverse group of people that attend and bid during our action and Gala, and we love having a wide variety of great items to get them bidding. For information contact john@frasersturgeon.com. For pickup contact helen@frasersturgeon.com
